Quality Rating

How the Overall Quality Rating is Achieved

When VisitEngland assessors visit your property, they will evaluate and give a quality score to all aspects of the accommodation and service.

The total of all these scores establishes an overall percentage score for quality.

Based on this score, establishments will be given an overall quality rating on a scale of One to Five Stars, based on the chart below, as long as all minimum entry requirements for the star rating are met.

1 STAR	2 STAR	3 STAR	4 STAR	5 STAR
34% - 47%	48% - 59%	60% - 74%	75% - 86%	87%-100%

There are five levels of quality ranging from One to Five Stars. To obtain a higher star rating a progressively higher quality and range of services and physical facilities should be provided across all areas with particular emphasis in the following five key areas:

The apartments benefit from a wonderful central Bourton on the Water location, ideal for exploring the village and local area and places of interest. Externally all stonework and paint work remains in very good condition with access via secure gates and entry code required for access. The new Secondary glazing, a great added benefit.

Pristine levels of cleanliness and housekeeping were noted with surfaces dust free and obvious attention to upper and lower levels clearly evident for which the team are to be congratulated.

It was excellent to again see the attention to "hard to get to" areas, particularly behind bedroom furniture and upper areas such as beams. Sparkling chrome and gleaming glass in the bathrooms is a feature as is the attention to the interior of the kitchen units and cupboards. Hard flooring well swept and cleaned to corners and edges and carpets well vacuumed. Again, excellent attention in the Living areas.

Website Feedback

The web search was conducted using a laptop.

Comments and feedback similar to Apt 3 in Cheltenham.

The web site www.cotswold-apartments.co.uk continues to present very much as previously with feedback and comments similar. Each property benefiting from use of SuperControl as a coordinated booking system and already proving to be very useful. The website also includes an additional property, Lypiatt which is not currently graded.

The web site presents very professionally, being both easy to navigate and informative, with very good use of pictures and a floor plan reflecting the style of accommodation and number of sleepers accommodated. Excellent to see that the up to date rating and award logos are displayed. Links to Facebook, Twitter and Instagram great additional tools, helping to further broaden online exposure. Excellent to see that an online booking facility is available, a great benefit for potential guests in this day and age. Terms and conditions also being clearly stated.

Although it is very good to see that an access statement is provided, as mentioned VisitEngland now strongly recommend updating the Access Statement to the new Accessibility Guides format.

There is no strict timetable for moving over, allowing you to make the switch within a convenient time frame. For more information and template see: <https://www.accessibilityguides.org>

Provision of a map and directions is also of great added benefit to new guests.

Very good provision of information on the local area is also a potential marketing tool for prospective guests,

Having the web site mobile app friendly is of great further benefit to guests, particularly those on the road.

Potential for Improvement

As on my previous visits, it was once again quite clear on the day that Mr Stephen and the team continue to be well on top of the business and for which they are very much to be commended. It was therefore felt that there was no real need for any major suggestions, just to continue maintaining current standards to help ensure that market expectations continue to be met at this level. This clearly being the case and again for which a great deal of credit should be given to all involved.

Highlights

Located in the centre of Bourton on the Water and an ideal location for various local eateries and places of interest, the apartments continue to present to an extremely high standard for which the Proprietor is to be congratulated. It is clearly evident that he takes great pride in the properties and this is reflected in the overall quality of presentation, again for which he should be commended.

This year attention has been given to the installation of heritage style secondary glazing for both apartments at great expense. This helping to reduce carbon footprints and also enhances energy efficiency. A very positive initiative and much to be commended.

Excellent to also see that new saucepans have been provided in both apartments.

Special mention once again also for the very high standards of housekeeping and cleanliness noted on the day. A real credit to Elena and Amushka, and so important in this day and age to the guest. Well done!
